## EMPLOYEE OF THE MONTH

*Tina*

We owe her a huge thanks for her great effort in keeping Vicinia's common areas along with the personnel spaces clean and shiny. She silently works for us leaving a vacuumed floor, cleaned glass and a space we are proud to call home. We hope employee of the month brings happiness and a smile to Tina's life by recognizing all of her hard work and dedication.

Thanks for your patience as we transition to a new Life Enrichment Director, April Worden. She is planning exciting trips & activities throughout the month! Have a special skill, or know someone who does? A creative idea to share? Please share them with April!
